**Day 1: June 24th** (Pre-Congress Workshop Day)

**Day 2: June 25th**
- **07:30 - 08:15** Registration
- **08:15 - 09:45** Welcome
  - Keynote Lecture
  - Speaker: Mark Stephan
  - Recovery
- **09:45 - 10:30** Coffee Break / Poster Viewing / Exhibition
- **10:00 - 10:45** Poster & Developer Showcase Viewing & Judging

**Day 3: June 26th**
- **07:30 - 08:00** Registration
- **08:00 - 10:00** Welcome
- **10:30 - 12:00** Keynote Lecture
  - Speaker: David Pujol
  - How to be an Innovator: Exploring rehabilitation and human performance in the 21st Century
- **12:00 - 13:45** Lunch / Poster Viewing / Exhibition
- **13:45 - 15:15** Poster Fast Forward
- **15:15 - 16:00** Coffee Break / Poster Viewing / Exhibition

**Day 4: June 27th**
- **07:30 - 08:00** Registration
- **08:00 - 10:00** Welcome
- **10:00 - 10:45** Keynote Lecture
  - Speaker: Katherine Kuchenbecker
  - Haptic Interactions Matter
- **10:45 - 12:15** Poster & Developer Showcase Viewing & Judging
- **12:30-13:30** Speed Networking
- **13:45 - 15:15** Keynote Lecture
  - Speaker: Deborah Backus
  - Why Technology Innovation does not Equal Technology Adoption: Strategies for Successful Uptake
- **15:15 - 16:00** Keynote Lecture / RESNA Colin McLaurin Lecture
  - Speaker: Geoff Fernie
  - Prevention is an important topic for rehabilitation researchers

**Day 5: June 28th**
- **07:30 - 08:00** Registration
- **08:00 - 10:00** Welcome
- **10:00 - 10:45** Keynote Lecture
  - Speaker: Claude Tardif
  - Digital Transformation in Rehabilitation and Mobility Device Services: The Way Forward
- **10:45 - 12:15** Poster & Developer Showcase Viewing & Judging
- **12:30-13:30** Lunch / Poster Viewing / Exhibition
- **13:45 - 15:15** Keynote Lecture
  - Speaker: Mark Stephan
  - Recovery
- **15:15 - 16:00** Keynote Lecture
  - Speaker: Katherine Kuchenbecker
  - Haptic Interactions Matter
- **16:00 - 17:30** Poster & Developer Showcase Viewing & Judging

**Evening**
- **13:45 - 16:00** Panel Discussion
  - On the Interface Between Implantable Neuromodulation Therapies, Neuroscience, and Neurorehabilitation
- **16:00 - 17:30** Panel Discussion
  - Getting the Ball Rolling: Using Assistive Technology with Children
