WELCOME LETTER

Dear Friends and Colleagues of the Rehabilitation Technology World,

On behalf of the International Consortium on Rehabilitation Technology (ICRT) and the local organizers, it is our great pleasure to invite you to the 7th RehabWeek, from September 24th to 28th, 2023, in the beautiful city of Singapore.

Advances in rehabilitation science, technology and clinical practice are changing many patients' lives and helping them reintegrate into our society. RehabWeek 2023 aims to cover inspiring innovations in Neurorehabilitation and their societal impacts. The highest quality of the scientific program is a longstanding tradition with the RehabWeek, thanks to internationally renowned speakers from clinical neurosciences and rehabilitation technology. The multidisciplinary approach to Neurorehabilitation, which includes physicians, physical and occupational therapists, rehabilitation engineers, neuroscientists, and many other professions, is well reflected in the program. At RehabWeek 2023, interdisciplinary networking will take a step further with tracks and workshops bridging neurorehabilitation robotics and related disciplines.

Come and join us in Singapore, a vibrant and innovative city-state located at the southern tip of the Malay Peninsula. It consists of the diamond-shaped Singapore Island and some 60 small islets. With its strong drive for innovation and its bridge between east and west, Singapore has become a well-known hub for business, technology, education and culture, making it the perfect place for the RehabWeek community to meet!

Along with our partners Singapore Tourism Board (STB) and Kenes Group, Shanghai Ruijin Hospital and the Singapore National Healthcare Group (NHG) as the hosting institutions, we would like to extend our welcome to the rehabilitation technology world.

RehabWeek is a well-established and highly reputable biennial conference. In 2022, eight societies and more than 1,000 delegates from around the world joined us in Rotterdam for the 6th RehabWeek. This time, we proudly announce that eight reputable associations will join us at RehabWeek 2023. These societies are:

- the International Consortium on Rehabilitation Robotics (ICORR) (technically co-sponsored by IEEE RAS and IEEE EMBS)
- the International Functional Electrical Stimulation Society (IFESS)
- the International Industry Society in Advanced Rehabilitation Technology (IISART)
- the International Society for Virtual Rehabilitation (ISVR)
- the American Congress of Rehabilitation Medicine (ACRM)
- MotusAcademy (M.A.)
- Society of Rehabilitation Medicine (Singapore)
- Masterclass in Neurotechnology (MiNT)
- the Malaysian Association of Rehabilitation Physicians with ASEAN Rehabilitation Medicine Association (MARP-ARMA)

The RehabWeek conference has historically been a meeting place for leaders in the field of rehabilitation. We are excited to announce that in 2023, several societies who have participated in RehabWeek in the past have expressed their interest in remaining connected with us by organizing certain sub-events or sessions of the conference. We will announce in due course upon confirmation of their participation. We wish you a successful RehabWeek 2023 and a great time in Singapore.

Kind regards

For the RehabWeek 2023 Steering Committee:

INDUSTRY INVITATION

Dear Friends and Colleagues,

It is our privilege and great pleasure to invite you to RehabWeek 2023 which will take place from 24 - 28 September in Singapore. Along with our partners Singapore Tourism Board (STB), Kenes Group, Ruijin Hospital, Shanghai Jiao Tong University School of Medicine, and the Singapore National Healthcare Group (NHG) as the hosting institutions, we would like to extend our welcome to the rehabilitation technology world to beautiful Singapore.

RehabWeek is a well-established and highly reputable biennial conference. This time, we proudly announce that eight reputable associations will join us at RehabWeek 2023. These societies are:

- the International Consortium on Rehabilitation Robotics (ICORR) (technically co-sponsored by IEEE RAS and IEEE EMBS)
- the International Functional Electrical Stimulation Society (IFESS)
- the International Industry Society in Advanced Rehabilitation Technology (IISART)
- the International Society for Virtual Rehabilitation (ISVR)
- the American Congress of Rehabilitation Medicine (ACRM)
- Motus Academy (M.A.)
- Society of Rehabilitation Medicine (Singapore) (SRMS)
- Malaysian Association of Rehabilitation Physicians with ASEAN Rehabilitation Medicine Association (MARP-ARMA)
- Masterclass in Neurotechnology (MiNT)

RehabWeek 2023 will address the challenges and opportunities in the field keeping in mind the changing landscape of rehabilitation care in the post-pandemic era. As innovation continues to expand the industry, healthcare facilities, and consumers are faced with interesting opportunities but at the same time challenged with changing financials, healthcare reimbursement restrictions, and modified investor visions.

Keeping all this in mind, we are excited that in this year's meeting, we will address some key issues using new opportunities, such as business matchmaking, investor forum, exhibit your startup, and developing countries opportunities. Specifically,

- The **Business Matchmaking** networking event is designed to facilitate the meeting and connection of businesses with potential clients, partners, or vendors, to identify and pursue new opportunities for growth and collaboration.
- The **investor forum** event is designed to facilitate investors and analysts to discuss and exchange information about investment opportunities and market trends for the rehabilitation technology industry. We look forward for groups "to invest in the next best technology" or "for your organization to get the next big investment from"
- **Exhibit your start event** is designed for new startups to exhibit their technologies at a discounted rate but experience the same world-class access to the best investors, clients, and medical & engineering experts.
- **Developing countries'** opportunity is for academic and industry personnel from developing countries where access and financials might be limited to attend at a discounted rate to connect with potential partners and clients, learn about new technology, products, and services, and explore opportunities for growth and collaboration.

RehabWeek 2023 will give everyone an opportunity to expand their horizons in this new era to further their academic, clinical, and industry business, research, and clinical care while experiencing the unique environment of Singapore.

We very much look forward to your participation and to welcoming you with open arms to Singapore!
